Logger CIP for PCI 4.02

Note: Version 4.02 of ArcSight Logger Compliance Insight Package for the Payment Card Industry (Logger CIP for PCI) provides a new software installer component, which enables you to install the package on ArcSight Logger 6.6 or later. For information about other supported versions of ArcSight Logger, see ["Minimum Requirements" on the next page](#). Version 4.02 is for new installations. If you have an earlier, supported version of the package installed you need to uninstall it first.

ArcSight Logger is a storage solution optimized for extremely high event throughput. An event is a time-stamped log entry, either sent by protocols such as syslog, or appended to a log file. Logger receives and stores events, and can optionally forward selected events.

Logger CIP for PCI is a package of alerts, reports and dashboards that can assist you in complying with the PCI requirements specified in the Payment Card Industry Data Security Standard 3.1 and the Payment Application Data Security Standard 3.1.

These release notes cover these topics:

- ["Release Contents" below](#)
- ["Minimum Requirements" on the next page](#)
- ["Installing or Uninstalling Logger CIP for PCI" on the next page](#)
- ["Open Issues in this Release" on the next page](#)

Release Contents

The files in this release include:

File Name	Description
Logger_PCI_ReleaseNotes_4.02.pdf	Product description and open issues (this document).
Logger_PCI_SolutionGuide_4.02.pdf	Product architecture, installation, configuration, and operation instructions, and product contents description.
ArcSight-ComplianceInsightPackage-Logger-PCI.4.02.1537.0.enc	Content package to install on ArcSight Logger appliances.
ArcSight-ComplianceInsightPackage-Logger-PCI.4.02.1537.0.bin	Content package to install on the software version of ArcSight Logger.

Minimum Requirements

Logger CIP for PCI 4.02 is supported on version 6.1 or later of both the Logger appliance and the software Logger. To determine your Logger version, click the **About** option in the upper-right corner of the Logger interface. Logger CIP for PCI is self-contained and does not rely on any other ArcSight CIP packages or solutions.

Installing or Uninstalling Logger CIP for PCI

For detailed information about installing or uninstalling Logger CIP for PCI, see the ArcSight Solution Guide Compliance Insight Package PCI 4.02.

Open Issues in this Release

None at this time.
