Documentation updates

The title page of this document contains the following identifying information:
- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

You can check for more recent versions of a document through the MySupport portal. Many areas of the portal, including the one for documentation, require you to sign in with a Software Passport. If you need a Passport, you can create one when prompted to sign in.

Additionally, if you subscribe to the appropriate product support service, you will receive new or updated editions of documentation. Contact your Micro Focus sales representative for details.

Support

Visit the MySupport portal to access contact information and details about the products, services, and support that Micro Focus offers.

This portal also provides customer self-solve capabilities. It gives you a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the MySupport portal to:

- Search for knowledge documents of interest
- Access product documentation
- View software vulnerability alerts
- Enter into discussions with other software customers
- Download software patches
- Manage software licenses, downloads, and support contracts
- Submit and track service requests
- Contact customer support
- View information about all services that Support offers

Many areas of the portal require you to sign in with a Software Passport. If you need a Passport, you can create one when prompted to sign in. To learn about the different access levels the portal uses, see the Access Levels descriptions.

CMX Key Management Server Release Notes

Software version: 4.7.0

Publication date: February 2019

This document is an overview of the changes made to Micro Focus CMX Key Management Server (CMX-KMS). It contains important information that is not included in books or Help. You can find information about the following in this document:

Enhancements in this release, on the next page

Open defects, on the next page

Installation, on the next page

Support matrix

For information about the installation requirements and compatibility with other products, see the *Micro Focus CMX-KMS Support Matrix*. The support matrix may be updated between releases, and so is available only from the MySupport portal.

The support matrix includes the following information:

- **Requirements**
  - Hardware
  - Software
  - Third-party components
- **Compatibility**
  - Languages
  - Virtualization products
  - Micro Focus software coexistence
  - Other software coexistence

Enhancements in this release

This release contains the following enhancement.

- **Removed bundled Oracle Java**. The CMX-KMS software package no longer includes Oracle Java. (TT-25917)

  CMX-KMS now requires Java SE 8, such as OpenJDK 1.8 or Oracle Java SE 8, as a prerequisite to installing or upgrading the software.

Fixed defects in this release

The reference number for each fixed defect is its defect number. For more information about fixed defects, contact your Micro Focus Support representative directly.

- **Clarified Tomcat configuration documentation**. Updated the *CMX-KMS Installation and Upgrade Guide* to clarify how to configure the Tomcat server to auto-start each time the CMX-KMS node starts. (TT-26431)

Open defects

This release does not include any open defects.

Installation

To install CMX-KMS 4.7.0 or upgrade to it, see the *Micro Focus CMX-KMS Installation and Upgrade Guide*, available from the MySupport portal.

Send documentation feedback

If you have comments about this document, you can contact the documentation team by email. If an email client is configured on this system, click the link above and an email window opens with the following information in the subject line:

Feedback on Release Notes (Micro Focus CMX Key Management Server 4.7.0)

Add your feedback to the email and click **Send**.

If no email client is available, copy the information above to a new message in a web mail client, and send your feedback to swpdl.ConnectedMx.DocFeedback@microfocus.com.

We appreciate your feedback!
