OpenText™ Fortify Remediation Plugin for Eclipse 23.2.0
Release Notes

Document Release Date: February 2, 2024
Software Release Date: February 2, 2024

New in this Release

The following two new features are included in this release:

- You can suppress issues to hide them from display that are either fixed or that you do not plan to fix.

- If the priority override feature is enabled on your Fortify Software Security Center server, you can assign a priority override tag value.

The Fortify Remediation Plugin for Eclipse is available from the Eclipse marketplace:
https://marketplace.eclipse.org/content/fortify-remediation-plugin.

Documentation

The documentation is available from the Product Documentation website:
https://www.microfocus.com/documentation/fortify-remediation-plugin-for-eclipse.
