Fortify Security Assistant Plugin for IntelliJ and Android Studio 24.1 Release Notes

Document Release Date: February 29, 2024
Software Release Date: February 29, 2024

Update

This release of the Fortify Security Assistant for IntelliJ IDEA adds support for:

- An auto-remediation engine to complement the existing issue detection engine

- Auto-remediation rules for approximately 15 vulnerability categories

- Improved detection for vulnerability categories covered by auto-remediation

The Fortify Security Assistant Plugin for IntelliJ 24.1 is available from the JetBrains marketplace.

Documentation

For more information, see the documentation for the 24.1 release.
