The only warranties for products and services of Micro Focus and its affiliates and licensors (“Micro Focus”) are as may be set forth in the express warranty statements accompanying such products and services. Nothing herein should be construed as constituting an additional warranty. Micro Focus shall not be liable for technical or editorial errors or omissions contained herein. The information contained herein is subject to change without notice.

## Documentation updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for updated documentation, visit <https://www.microfocus.com/support-and-services/documentation/>.

## Support

Visit the [MySupport portal](#) to access contact information and details about the products, services, and support that Micro Focus offers.

This portal also provides customer self-solve capabilities. It gives you a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the MySupport portal to:

- View information about all services that Support offers
- Submit and track service requests
- Contact customer support
- Search for knowledge documents of interest
- View software vulnerability alerts
- Enter into discussions with other software customers
- Download software patches
- Manage software licenses, downloads, and support contracts

Many areas of the portal require you to sign in. If you need an account, you can create one when prompted to sign in.

# Contents

- New in this Release ..... 4
- Resolved Issues ..... 5
- Requirements ..... 6

## **New in this Release**

There were no new features in MMAP version 12.13.0.

## Resolved Issues

There were no resolved issues in MMAP version 12.13.0.

## Requirements

This section describes the system requirements for Media Management and Analysis Platform. The Media Management and Analysis Platform must be hosted by:

- One of the following application servers:
  - JBoss enterprise application server (JBoss EAP 7.2)
  - WildFly 14.0.1.Final application server.
- A fully compliant Java 11 or Java 8 Runtime Environment.

## Dependencies

This section describes the dependencies for Media Management and Analysis Platform:

- IDOL Media Server version 12.13.0. MMAP 12.13.0 is not compatible with earlier versions of IDOL Media Server.

## Minimum Server Requirements

The minimum server requirements depend on many variables, such as the frequency of requests that Media Management and Analysis Platform must serve. The following are minimum requirements but there may be additional requirements. Micro Focus recommends that you refer to the documentation for JBoss EAP or WildFly.

- 1.4 GHz dual-core processor
- 4 GB RAM
- 20 GB free disk space
